SCHEDULE OF CLASSES

YOUR GUIDE TO READING COURSE OFFERINGS

The following information is designed to assist you in reading and understanding the course information found in the online Schedule of Classes. The information below describes the format in which the course offerings are presented; and it appears in the same sequential order as you will find it in course offerings. Some of this information must also be recorded on the Enrollment form in order to enroll for classes.

NOTE: ANY QUESTIONS YOU MAY ENCOUNTER IN READING AND UNDERSTANDING THE COURSE INFORMATION IN THE SCHEDULE CAN BE EASILY ANSWERED BY REFERRING TO THE INFORMATION BELOW.

INTRODUCTION TO COURSE OFFERINGS

The ACADEMIC PROGRAM in which classes are being offered introduces the class offerings for that particular academic area. The courses for each subject area are preceded by the DEPARTMENT ABBREVIATION, full DEPARTMENT NAME, and the ACADEMIC Program in which the class is being offered.

Subheadings within subject areas identify UNDERGRADUATE and GRADUATE course offerings.

HOW TO READ ANY PAGE OF COURSE OFFERINGS

THE FOLLOWING INFORMATION DESCRIBES THE DATA LISTED FOR EACH COURSE IN THE SEQUENCE THAT IT APPEARS IN THIS SCHEDULE.

1. CATALOG NUMBER is assigned in accordance with University policy as described below:

0001 – 0999	lower level undergraduate
1000 – 1999	upper level undergraduate
2000 – 2999	master level graduate
3000 – 3999	doctoral level graduate
4000 – 4999	noncredit
5000 – 5999	first professional programs
6000 – 6999	undergraduate career development
9000 – 9999	graduate career development

2. COURSE TITLE
3. ASSOC – the class association numbers link all class sections that constitute a single offering. Association numbers control the sections of classes in which you most enroll. As an example, ASTRON 0087 has an ASSOC number of 1015 and the related recitations have the same ASSOC number. This ties the lecture to the appropriate or required recitation sections. Regardless of how many components a course offering has (lecture, lab, and recitation) it will always be identified by a unique class association number. In some instances, there may be many lecture sections related to many recitation sections. The recitation sections will have an ASSOC number of 9999 that allows you to register for any of the lectures with any of the recitations.
4. CLASS NUMBER is a five-digit number that specifically identifies each class section.
5. SPECIAL INDICATORS are a series of codes used to indicate special course designations or restrictions.

@	Permission of the instructor or department chairperson is necessary to enroll in this course.
B	World Wide Web
C	Course Information
\$	A fee is associated with this course. See Special Course Related Fees on pages 8, 9, and 10.
F	FLEX/MBA course
H	Honors
L	Course location is not Pittsburgh campus.
M	EMBA Course
R	Restriction - enrollment is limited to students enrolled in a specific academic program and/or plan (major). See your advisor for limitations.
W	Writing Course
X	External Studies course. Delivery of course content is primarily through independent and self-directed study. For additional information, you must contact the University External Studies Program (See subject index on page 15).

6. NUMBER OF UNITS for which the course is offered. Unit hours may also be listed in one-half increments, for example: 01.5, 02.5, or 03.5. In addition, courses may be listed for variable units such as 01.0 to 06.0 or 03.0 to 06.0.
7. DAY (S) that a class may meet is: M = Monday, Tu = Tuesday, W = Wednesday, Th = Thursday, F = Friday, S = Saturday. You are required to contact the department or the instructor for any classes scheduled "by appointment" to determine the meeting time.
8. TIME BEGIN and TIME END indicates the duration of the class. Multiple meeting times on different days and at different times are indicated on the following lines.
9. BUILDING ABBREVIATIONS may be identified on the University of Pittsburgh campus map. If "TBA" (to be announced) appears in this area, you are required to contact the instructor to find out where the course will meet.
10. ROOM NUMBER (corresponds to building). Multiple meeting times on different days and in different rooms are indicated on the following lines.
11. THE SITE is identified for each class session. In addition to those classes offered on the Pittsburgh campus, the site for those offered off campus will also appear in this column. A class section can be offered at the following sites:

PGH	Pittsburgh Campus
UPB	Bradford Campus
UPG	Greensburg Campus
UPJ	Johnstown Campus
UPT	Titusville Campus

MRVL	Monroeville
BCCC	Butler
MTLBN	Mount Lebanon

12. GRADE OPTIONS that are available for the course. They are:

LG	Letter Grade (A+ through F)
----	-----------------------------

(Note that G, H, I, N, R, S, U, W, Z, ** and (HS and LS valid only in the School of Medicine) are grades that carry no quality points)

H/S/U	Honors/Satisfactory/Unsatisfactory
S/NC	Satisfactory/No Credit
LG and H/S/U	Letter Grade and Honors/Satisfactory/Unsatisfactory
LG and S/NC	Letter Grade and Satisfactory/No Credit
H/HS/S/LS/U	Honors/High Satisfactory/Satisfactory/Low Satisfactory/Unsatisfactory (School of Medicine only)

Note: All classes are available for the letter grade option unless otherwise indicated. Students who elect to enroll in an undergraduate course on a grade option basis must complete a Grade Option/Audit Request for an Undergraduate Course form in the Dean's Office of the academic program in which the course is offered. Once this form is processed the option you selected cannot be changed. The deadline to process this form is four weeks from the start of the term. Students enrolled in a course, in conjunction with a dependent lab or recitation, will usually find "NG" (no grade) listed under "Grade Option." When "NG" appears there is no grade associated with the lab or recitation.

13. INSTRUCTOR (S) teaching the course.
14. DATE BEGIN and DATE END are listed because classes may have beginning and ending dates which differ from the official term dates.

ENROLLMENT (REGISTRATION) & ADD/DROP PROCESS

ENROLLMENT (REGISTRATION PROCESS)

An individual who has never attended the University of Pittsburgh or one who wishes to be admitted must be properly accepted into one of the University's academic centers in order to enroll in classes. Many academic centers offer permanent or temporary student status, as well as part or full-time status.

There are different enrollment (registration) dates for continuing students, and new, readmitted and transfer students. Each type of student is defined below:

Continuing Student – a student who was enrolled in the same academic center at the same level for any term within the last calendar year.

New Student – a student who is enrolling in a different academic center (including regional campuses) or level from his/her last enrollment, regarding the enrollment process.

Readmitted Student – a student who previously enrolled but not within the last calendar year. The student shall be considered the same as a new student enroll for the first time, regarding the enrollment process.

Transfer Student – a student who transfers from another college or university to the University of Pittsburgh (Pittsburgh and/or Regional Campus). Transfer students shall be considered the same as new students enrolling for the first time, regarding the enrollment process.

Students are assigned an advisor who will assist them in planning a program of study. Students must be officially enrolled in the classes they attend.

Once a student processes an Enrollment form, he or she is entering into an academic and financial obligation with the University of Pittsburgh.

The University reserves the right to refuse to enroll any student who has not met their financial obligation with the University of Pittsburgh.

ADD/DROP PROCESS

It is important to ensure that the information you record on the Enrollment form when dropping a class is the correct class number, subject and catalog number.

If you decide not to attend any classes for the term, you may drop all of your classes on an Enrollment form before the end of the add/drop period, only. There is no penalty if you drop all of your classes during the add/drop period. To drop all of your classes after the add/drop period has ended you must resign. See “Termination of Enrollment” on page 7.

ENROLLMENT (REGISTRATION) AND ADD/DROP

Students must process the Enrollment form in person. Several options are available. Students may process the form with their advisor or in the department or school office in which they are enrolled. Otherwise, students may process the form in the Registration Office, G-1 Thackeray Hall.

Note: College of General Studies students process the Enrollment form in 464 Cathedral of Learning.

ENROLLMENT FORM

The Enrollment form is required to enroll for classes and to change your schedule (to add and/or drop classes) after you have enrolled. There is specific beginning and ending dates for both the enrollment and add/drop periods. These dates are found on page 3 of this guide. Late fees may be assessed if you are permitted to process an Enrollment form after the published deadlines.

RELATED PROCESSES

CLOSED AND RESTRICTED COURSES

Student access terminals are available in the Registration Office in G-1 Thackeray Hall, as well as any terminal connected to PITTNET to assist you in determining the status of a course. The information will show whether a course is open (by indicating how many seats are still available) or closed.

Admittance to a closed class is permitted only to a student who has obtained an Admission to Closed Class or Restricted Class form from the program chairperson or the instructor of the course. The form must be submitted with the Enrollment form. No other form of permission will be accepted.

In addition, some courses will appear in the Schedule of Classes with an “R” (program or plan (major) restriction) designator in the “Special Indicators” column. These courses may require students who are not enrolled in that specific program academic plan to obtain permission to register for the class. Departments and academic programs that grant this permission must give students a completed Admission to Closed Class or Restricted Class form to present in conjunction with their Enrollment form.

FULL-TIME DISSERTATION STUDY

Doctoral students who have completed all unit credit requirements for the degree should consult with their academic advisor to determine their eligibility to enroll in the full-time dissertation study course offered by their academic center. Student must have completed any minimum dissertation requirements and be working full-time on their dissertations.

TERMINATION OF ENROLLMENT

You may drop all of your classes through the last day of the add/drop period by using the Enrollment form. If you do so, your entire course related tuition charges and fees will be cancelled.

To drop all of your classes after the add/drop period has ended you must resign through the Office of Student Appeals and your charges will be prorated. However, if you have housing and/or food service charges, you must notify the appropriate offices, immediately. You may resign in person, by telephone, or by mail to:

Student Appeals
University of Pittsburgh
G-12 Thackeray Hall
Pittsburgh, PA 15260
412 624-7585 (24 hours a day, 7 days a week)

COURSE WITHDRAWAL

To withdraw from a class after the official end of the add/drop period while still enrolled in other classes; you must process a Monitored Withdrawal Request form. It can be obtained through the dean’s office of the academic center offering the course. Approval for you to withdraw from a course is at the discretion of the dean of the academe center in which the course is offered. There is no tuition adjustment associated with a course withdrawal.

NOTICE OF CLASS CANCELLATION

Occasionally, a course for which you are enrolled is cancelled by the academic program offering the course. You will be notified via your Pitt email account of the cancellation. If you wish to add another class, you must process an Enrollment form. If no action is taken, the class will automatically be dropped from your class schedule. In addition, a change may occur in the building, room number, day or time a class meets from the time you process your initial registration or add/drop. If a change of this nature occurs, it will be reflected in your online Study Guide for that term. If you notice any problems or discrepancies, contact the Registration Office, G-1 Thackeray Hall. Students enrolled in the College of General Studies should refer problems to 464 Cathedral of Learning

CROSS ENROLLMENT (REGISTRATION)

The purpose of cross-enrollment through the Pittsburgh Council of Higher Education (PCHE) is to provide opportunities for enriched educational programs by permitting full-time undergraduate and graduate students at any of the ten participating colleges and universities to take courses at any other PCHE institution. Carlow University, Carnegie Mellon University, Chatham University, Community College of Allegheny County, Duquesne University, LaRoche College, Pittsburgh Theological Seminary, Point Park University, Robert Morris University, and the University of Pittsburgh comprise the PCHE institutions.

Cross enrollment is available to all full-time undergraduate and graduate students registered at a PCHE institution during the Spring and Spring terms. Part-time students are normally not eligible to participate in the cross enrollment program. Part time students can, however, attend these institutions on a temporary student basis. Graduate students cross-enrollment is restricted to the following institutions: Carnegie Mellon University, Duquesne University, Pittsburgh Theological Seminary, Robert Morris University, and the University of Pittsburgh. Students enrolled in approved joint co-op programs between PCHE institutions are exempt from the requirement of being full time at either school in order to cross register. Students are bound by the requirements of that program. Cross registration does not apply for the Summer Term at any of the PCHE institutions. During this period taking courses at other institution is facilitated by a temporary transfer student procedure, agreed to separately by the PCHE institutions.

Students are discouraged from cross-enrolling during their term of graduation. The calendar term at many PCHE institutions often ends later than the corresponding term at the University of Pittsburgh. Students cross-enrolling at those institutions may not be eligible for graduation as a result of grades arriving too late to comply with official University of Pittsburgh graduation requirements. Students normally may register for only one course off campus and at only one institution in a given term.

The student's advisor or dean is responsible for insuring eligibility for the course in which the student is enrolling. The signature of the dean or designated individual from the home institution must be obtained on the Cross-Enrollment form. The form is then submitted to the Registration Office at the home institution for processing.

Adding or dropping a course after the home institutions deadline date requires permission from the home institution; adding or dropping a course after the host institution's deadline requires permission from the host institutions.

Each college or university accepts enrollment in undergraduate courses designated as "open" to cross-enrollment. First priority in enrollment is given to students of the host college. The host college informs students whether or not space is available to accommodate enrollment for a course.

Students who cross-enroll are responsible for paying any course or laboratory fee(s) to the host institution. Cross-enrollees do not acquire student status in the institution where they are receiving instruction (i.e., student activities, insurance programs, etc.). They are, however, entitled to limited library privileges and may purchase course textbooks at the host bookstore.

The academic honesty code and rules of conduct of the host institution prevail while you are on that campus for purposes of academic instruction. Both the host and home institutions can determine whether or not a violation has been committed. The student's home institution will impose penalties it considers proper when violations are reported.

The earned grade and units will be transferred to your home school. The academic policies of the host institution will prevail.

The availability of cross-enrollment courses may not be known at the time of registration; therefore a student may complete a cross-enrollment until the last day of the add/drop period for a given term. Students completing this procedure on the last day are expected to hand carry the cross-registration form to the host institution and return it to the Registration Office in G-1 Thackeray Hall by 4:45 p.m. on that day. An Enrollment form must be processed upon receipt of approval for enrollment in the course.

COURSE FEES

Students enrolled in the following courses will be assessed a special course fee(s). The fees designated "once per course" are charged once for each course in the set of courses listed. The fees designated "once per term or session" are charged once for a particular term or session, and the student may take any number of courses in that set for the single fee. The University reserves the right to change the tuition rates and fees at any time without advance notice. **These fees are subject to change.**

STUDENT INFORMATION UPDATE

NAME AND SOCIAL SECURITY NUMBER CHANGES

Any name change requires documentation, such as a copy of a birth certificate, court order, marriage license, or divorce decree. Write or fax the Registrar's Office requesting a name change, and attach a copy (do not send originals) of your pertinent documentation. Fees may be assessed in cases where historical records are affected.

The University will not make any change to historical records for students whose records have become inactive due to graduation or non-attendance unless legal documentation is presented. A minimum fee of \$75 will be assessed to reconstruct a transcript.

To correct or add your social security number, you must include a copy (do not send original) of your social security card to verify the number. Send or fax all change requests to the address below.

ADDRESS AND TELEPHONE NUMBER CHANGES

If your mailing address, home address or telephone number changes, it is important that you update it immediately. Failure to change an address may result in you not receiving University mailings. If you are a current student, you can update your address and telephone number by logging onto the Student Service Portal. Select Student Services >.Link to Student Center > Self Service > Personal Information > Addresses. Chose the address type, click "Edit" and enter your address.

If you are no longer enrolled, you can still make changes to your information by mailing or faxing the changes to:

**Office of the University Registrar
University of Pittsburgh
G-1 Thackeray Hall.
Pittsburgh, PA 15260
Fax: 412-624-4303**

SPECIAL SERVICE FEES

The fees listed below will be assessed to students who fail to take appropriate action on or before a published deadline associated with that particular service. All services rendered prior to published deadlines will be processed without charge. Deadlines are published each

term in the Academic Calendar and the online Schedule of Classes, as well as various academic centers and academic program publications.

FEE	MINIMUM AMOUNT
Late Enrollment (for continuing students)	\$25.00
Late Add/Drop	\$25.00
Late Payment	\$50.00
Special Service Fee	\$35.00
Transcript Retype	\$75.00
Retroactive Adjustment	\$50.00
Late Graduation	\$15.00

Services performed beyond the deadlines must have the approval of the University Registrar and may require the endorsement of the Academic Dean. If approved, these services are subject to escalating and/or multiple fee assessments contingent upon the date of, and the reason for, the request for special services.

FINAL EXAMINATIONS

The final examination period for daytime undergraduate students for the Fall Term begins on Monday, December 14, 2009 and ends on Saturday, December 19, 2009. Undergraduate students taking courses in the School of Art and Sciences, the College of Business Administration, and the Schools of Education, Engineering, Health and Rehabilitation Sciences, Information Sciences, Nursing and Social Work follow the examination schedule. Day classes with a course number below 2000 will meet for their last regular session the week of December 7, 2009.

There are two types of examination periods: departmental and hourly. Departmental examinations do not depend on the hour or the day the particular class meets and are used primarily for large classes or multiple sections giving a common examination. Courses that are not identified in the departmental examination schedule should follow the hourly examination schedule, which is determined by the days and time the class is scheduled during the term. With regard to hourly examinations, if your class starts on the half hour, you are to follow the hourly schedule preceding this time.

Courses that meet only on Wednesday, Thursday or Friday are not specifically covered in the examination schedule. Final examinations for these classes are given at the Monday or Tuesday class period parallel to the normal class time as covered in the hourly examination schedule. (For example, if a class meets Thursday only at 2:00 PM, the Tuesday schedule at 2:00 PM should be checked).

The following general rules apply to final examinations:

Final examinations are to be given during the final examination period only. In-class examinations are held at the assigned times unless written approval to change an examination is obtained from the dean of the academic center in which the course is offered. **Students with questions regarding the scheduling of examinations should contact the appropriate dean.**

College of General Studies classes, Saturday College classes, graduate classes, and evening classes are not subject to the final examination schedule and should continue to meet during this period; final examinations should be held during the last scheduled class meeting. Classes with a course number 2000 and above are not subject to the examination schedule and should have final examinations by the last day of the term.
