Give A Thread - *University Registrar Style*

The Office of the University Registrar has joined the "Give A Thread" campaign, by setting up several collection bins on both floors of our office in hopes of reaching a goal of 750 items of clothing to be recycled or upcycled. This equates to 22 per person, so let's go! Collection has begun and the last day to donate is Wednesday, January 7, 2015. Below are details regarding our collection process.

- Large bins will be housed outside G-3 in the hallway (by the stockroom – against the wall) and several other boxes around the Office. You can either put your items in the boxes or the large bin - clean and folded clothes only.

- If you have a large quantity of clothing to donate and you take public transportation, please see Sharon, Genevieve, or Dave. We may be able to coordinate a pick-up for you. We suggest, though, that if you do have large amounts to donate that you bring in a few items each day, if possible.

- Our progress barometer will be posted on the double doors leading to the loading dock area and on our website. Every few days we will send out a “progress report” to everyone, so as we near our goal, we can make a final push to meet or exceed that goal.

- Donations are tax-deductible, please track and value your donation for your own records. A confirmation of donation will be provided via email to all donors who provide contact information with their donation. There is a clothing value donation calculator available on the Salvation Army and Goodwill websites.
