Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. For the purposes of this notification, an eligible student under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age. These rights include:

(1) The right to inspect and review the student’s education records within 45 days after the day the University receives a request for access.

Students should submit to the registrar, dean, head of the academic department, or other appropriate program director, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the students of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student’s education records that the student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Students may ask the University to amend a record by writing to the University official responsible for the record, clearly identifying the part of the record they want changed and specifying why it should be changed. If the University decides not to amend the record as requested by the student, the University will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing and can be found in University Policy and Procedure AC04.

(3) The right to provide written consent before the University discloses personally identifiable information (PII) from the student’s educational records, except to the extent that FERPA authorizes disclosure without consent, as explained in more detail below.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-8520
Questions concerning the University’s FERPA Policy may also be directed to the Office of the University Registrar at 412-624-7600.

**Directory Information**

The University may establish categories of information known as "Directory Information" and release this information without student consent, upon request by a third party. A student may request that their Directory Information not be released under this provision when requested by a third party. When the Office of the University Registrar receives a student's request to restrict the release of "Directory Information," no further disclosures of directory information are made without that student's written consent. A student may rescind this action by submitting the request in writing to the Office of the University Registrar. Procedures for these requests can be found in University Policy and Procedure AC04. The University designates the following types of personally identifiable information within an education record as "Directory Information":

- The Student's name
- The Student's address, phone number and electronic mail address
- The Student's major field of study
- Place of birth
- The Student's achievements, degrees, academic awards, or honors

See the list below of the disclosures that postsecondary institutions may make without consent.

FERPA permits, but does not require, the disclosure of PII from students’ education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student —

These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35)

• In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. • To parents of a student regarding the student’s violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21.
